VERTICAL BLINDS
AND PANEL GLIDES

Covering large windows and doors is not a problem with Vertical Blinds and Panel Glides from Apollo.

Verticals and Panel Glides are easy to install. Replacement slats or panels are available so you don't have to replace the entire blind if a slat or panel is damaged.

This makes Apollo Verticals and Panel Glides ideal for investment properties, schools and businesses.

For a cohesive look throughout your home, Fabric Verticals and Panel Glides can be co-ordinated with Rollers, making them very versatile and allowing you to use the perfect blind for each room in your home.

VERTICAL BLINDS
AND PANEL GLIDES

VERTICAL BLINDS

Versatile Verticals for the smallest window to sliding doors. They combine function and fashion to great effect.

Verticals are mould and fade resistant, have an anti static dust resistant coating and a wipe clean surface.

Available in 89mm and 127mm slat widths and with the option of weights and chains, chainless bottom weights or sewn in bottom weights . A wand control option is also available.

- Available in 89mm or 127mm slats
- Maximum width 4200mm for 89mm slat and 4900mm for 127mm slat
- Maximum drop 3000mm for 89mm slat and 3500mm for 127mm slat
- Child safe compliant
- Minimum reveal required 65mm for 89mm slat and 85mm for 127mm slat (Space from window to front of sill)
- Maximum coverage area per blind for 89mm and 127mm slats is 12m2
- No chain at base option available
- Weight and chain at base option available
- Sewn in weight at base option available
- Available in a range of decorator colours
- Wand control option available

VERTICAL BLIND OPTIONS AND BASE FINISH CHOICES

MULTIPELMET

This option is available for Roller Blinds, Verticals and Panel Glides. The fabric insert matches the material of your blind.

Weights and chain at base

(Stabilises the blinds in windy condition)

Chainless bottom weights

(No chain to break or replace, ideal with children, pets & rental properties)

Sewn in weight at base

(Has a better closure than chainless)

WAND

The wand is an alternate option for verticals and standard for Panel Glides.

BLOCKOUT
Stops 100% of light penetrating through the fabric

HIGH OPACITY
Lighter colours in the range may allow minimal light to penetrate

LIGHT FILTERING
Light filters easily through the fabric

HIGH OPACITY/BLOCKOUT
A minimum amount of light may penetrate through the fabric

SEMI OPAQUE
Medium level of light penetrates through the fabric

SELECTED FABRICS

OEKO TEX® STANDARD 100

GREENGUARD GOLD

AND PANEL GLIDES

PANEL GLIDES

Apollo brings fashionable elegance to the home with their range of Panel Glides. Unlike Rollers and Romans they allow flat panels of fabric to slide across the window rather than rolling up. Ideal for doors, large windows and as room dividers.

- Available in a vast array of fashionable fabrics
- Choose from 4 track colour options – White, Black, Anodised and White Birch
- Track profile: 3, 4 or 5 tracks
- Available from two up to nine panels
- The panels can be velcroed to a top rail, allowing easy removal for cleaning or attached via a spline within a top rail
- Drawing options: Left, right or centre opening and centre bunching
- Replacement panel option available
- Child safe compliant wand operation
- Fabrics may be matched to Verticals, Rollers and Romans
- Minimum panel width 450mm when velcroed to top rail and 400mm when splined within a top rail
- Maximum panel width 1000mm for both styles
- Maximum blind width 5500mm when velcroed to top rail and 4800mm when splined within a top rail
- Maximum blind drop 2700mm when velcroed to top rail and 3300mm when splined within a top rail
- Flat or oval bottom rail available in Dune, Bone, Pure White, Black and Anodised.
