

VIEWLINE

SHADES

This innovative two-in-one blind offers you the convenience of two fabrics on one roller.

Choose from a light filtering and sheer fabric, or a dim out and sheer fabric. Both control the light or glare through your window beautifully.

Viewline Shades include chic pelmets and colour options to match the bottom rail and control chain.

VIEWLINE SHADES

Viewline Shades are innovative blinds made from light weight sheer fabrics that combine opaque and mesh fabric panes to form a double layered blind.

The unique design of the blind allows the different layers to move, creating different level of light and privacy.

They can be completely open or closed, or rotated to allow a viewing between the panes.

- Select from translucent or privacy fabrics
- Lineal vision maintains your view
- Smooth operating
- Range of textures
- Warm glow of softly diffused light
- Can be raised or lowered to any desired height similar to a roller blind
- Combines a stylish curved fascia with chain control

Lining up Stripes - (Side by side blinds)

Blinds situated Side-by-side will have stripes line up **ONLY** if they are identical Drop and installed with cassette at **EXACTLY** the same level otherwise line up is not possible.

A re-order of a blind that is beside another, will most likely **NOT** align with the original blind. In this situation both blinds will need to be replaced. **IMPORTANT:** Side-by-side blinds **MUST** be indicated on your order.

CARE

Caution: Do not allow cleaning agents to come in contact with fabric.

DO NOT USE CHEMICAL CLEANERS ON VIEWLINE SHADE FABRIC.

Cassette and Bottom Rails

Aluminium surfaces can be cleaned with a clean soft cloth and normal household mild cleaning agent.

General Cleaning

Your Viewline shade may gather dust and from time to time need cleaning. Use a hair dryer on cold to gently remove dust, or use an anti-static soft brush or cloth to gently attract dust from the fabric.

Spot Cleaning

The Viewline shade fabric should be treated carefully and gently when spot cleaning. Use a damp cloth with a very mild detergent and gently "dab" the affected area. Harsh rubbing will remove the stiffening on the fabric and distort its surface. It is vital that the fabric not be creased during this process.

Let Apollo Blinds open your mind to new decorator ideas. Since 1988 Apollo Blinds has focused on delivering the latest in home fashions with consistent reliable service. An Australian owned company with most products still being manufactured in Australia, Apollo Blinds gives you peace of mind – all fabrics and components come with a 2 year guarantee (1 year in home) on manufacture and materials*. Some materials or components may carry additional manufacturer's warranty*.
