AUSTRALIAN ALUMINIUM LOUVRE SHUTTER

FIXED

A Fixed Panel Louvre offers the simplest form of installation & operation. C channels can be fixed permanently to the top & bottom of the application & the Fixed Panel Louvre then pivots inside the frame work. Flashing will be provided to cover gaps on the left & right of the front & back of the application. H section is also available for joining panels to create strength & stability over multiple panel installation, as well as standoff brackets which offer installation off the window to provide access for ventilation & cleaning.

Ideal Applications

Window Covering, Privacy Screening, Balcony/Patio Enclosure

Max Panel

Width: 1000mm - Height: 3000mm

Blade 90mm

Blade Orientation Options

Horizontal & Vertical

Panel Filler Options

Glass & Aluminium

AUSTRALIAN ALUMINIUM LOUVRE SHUTTER

BI FOLD

Bi-fold Louvre shutters provide a versatile option for balcony or patio areas by offering a choice of total enclosure & protection from the elements while in a closed position, yet still maintaining the availability of clearing the opening completely by folding the panels & pushing them to one side. Utilising practical nylon pivots, the panels can concertina either in or out by running along top & bottom tracks which are fixed permanently to the top & bottom of the application.

Ideal Applications

Balcony/Patio & Enclosure, Room Dividers

Max Panel

Width: 750mm – Height: 3000mm

Blade 90mm

Blade Orientation Options

Horizontal & Vertical

Panel Filler Options

Glass & Aluminium

AUSTRALIAN ALUMINIUM LOUVRE SHUTTER

HINGED

Hinged Louvre shutters are a practical & aesthetically pleasing choice for both interior & exterior windows & doorways. Available to swing either inwards or outwards, Shutter Concepts Hinged Louvre's can be supplied with L or Z framing to provide a neat finish.

Ideal Applications

Interior Openings, Doorways

Max Panel

Width: 900mm – Height: 3000mm

Blade 90mm

Blade Orientation Options

Horizontal & Vertical

Panel Filler Options

Glass & Aluminium

AUSTRALIAN ALUMINIUM LOUVRE SHUTTER

SLIDING

Sliding Louvre shutters are an ideal choice for sun protection & privacy on applications where space around the opening is limited. Utilising practical nylon pivots, the panels can slide left or right by running along top & bottom tracks which are fixed permanently to the top & bottom of the application.

Ideal Applications

Balcony/Patio & Enclosure, Room Dividers

Max Panel

Width: 1100mm – Height: 3000mm

Blade 90mm

Blade Orientation Options

Horizontal & Vertical

OR BLACK**

**100KG LOAD RATING AT
A SPAN OF 1 METRE**

CARE & CLEANING

The care of external shutters is the same as internal shutters. However external shutters are exposed to the weather dirt and grime may build up faster. Cleaning with a soft damp cloth is usually required again with a PH neutral soap in lukewarm water.

For heavy dirt and grime you can gently hose down the shutters and wipe dry.

Let Apollo Blinds open your mind to new decorator ideas. Since 1988 Apollo Blinds has focused on delivering the latest in home fashions with consistent reliable service. An Australian owned company with most products still being manufactured in Australia, Apollo Blinds gives you peace of mind – all fabrics and components come with a 2 year guarantee (1 year in home) on manufacture and materials*.
