

SECURITY SCREENS

SECURITY SCREENS

Apollo Blinds is a licensed Amplimesh® Security Screens dealer supplying sliding & hinged doors and window screens for residential applications. They are custom built security screens and made to measure to your exact requirements from marine grade material. Pet doors are also available for all the beloved pet owners out there.

MANUFACTURED
IN AUSTRALIA

Apollo's Security Screens are made from anodised and powder-coated aluminium frames that are resistant to both oxidation and corrosion.

The colour of the screen is always black to ensure light can pass through but the frames can be customised to suit your home. A single or triple locking system is available for the security screen doors.

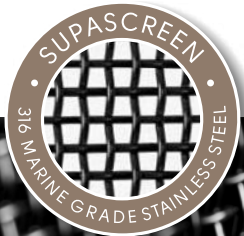

Not all security screens are the same. Apollo's Amplimesh® Security Screens are compliant with Australian standards.

Tested and passed

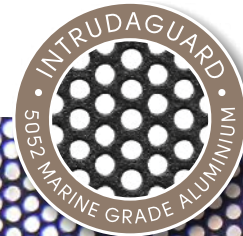

- Dynamic impact test
- Jemmy test
- Knife shear test
- Bushfire test & fire attenuation test
- Corrosion test
- Intruder Resistant
- UV Protection & Window Energy Rating Scheme (WERS) tested
- Fall Prevention Suitable
- Insect Protection

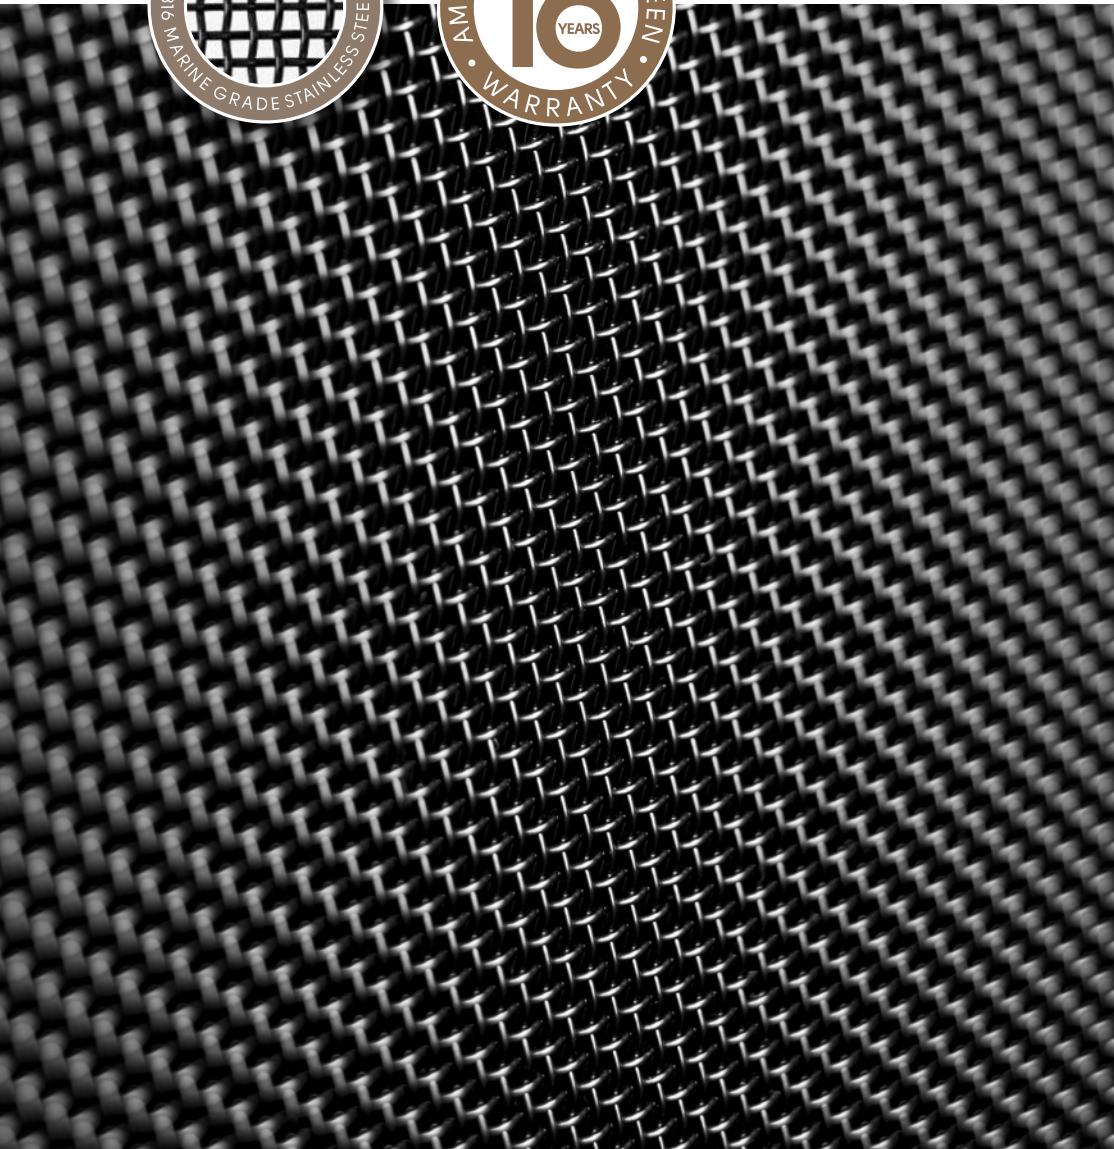

SupaScreen®: A mesh made from woven 316 marine grade stainless steel. High tensile stainless steel which is woven into a fine mesh ensures optimum security without obstructing the view. 16 year warranty.

Intrudaguard®: Aluminium perforated sheets. Made from a single sheet of 5052 marine grade aluminium with small holes to allow for airflow and visibility and keeps your family safe from intruders. 10 year warranty.

MANUFACTURED
IN AUSTRALIA

Apollo's Amplimesh® fixed security window screens are built using fall prevention technology which is designed and rated to prevent pushing the screens out from the inside to keep children safe.

Window screens allow for fresh air to flow through your home but provide peace of mind that your home is secure.

**MANUFACTURED

* Bushfire Testing for SupaScreen® (Australian Standard AS3959-2018)

Amplimesh® tests its product to the limits. SupaScreen® has been independently tested to BAL-40 (Bushfire Attack Level) and can be used in bushfire prone areas up to and including those rated to BAL-FZ when used in conjunction with a window that has an FRL of at least -/30/- or conforming with AS1530.8.2.

CARE & CLEANING

Your Apollo stainless steel Security Screens should only ever need to be washed down with a soft brush using warm water and a mild detergent.

Rinse well with fresh water to remove any detergent residue. Do not use strong detergents or abrasive cleaners as they may scratch or damage the surface finish. For full care and maintenance requirements visit our website.

Let Apollo Blinds open your mind to new decorator ideas. Since 1988 Apollo Blinds has focused on delivering the latest in home fashions with consistent reliable service. An Australian owned company with most products still being manufactured in Australia, Apollo Blinds gives you peace of mind – Apollo Security Screens come with a 16 and 10 year warranty on manufacture and materials. Some materials or components may carry additional manufacturer's warranty.
