# SECURITY DOORS AND SCREENS

**Apollo's Security Doors and Screens** are made from powder-coated aluminium frames that are resistant to both oxidation and corrosion.

The colour of the screen is always black to ensure light can pass through but the frames can be customised to suit your home. A single or triple locking system is available for the security screen doors.

Not all security screens are the same. **Apollo's Security Doors and Screens** are compliant with Australian standards.

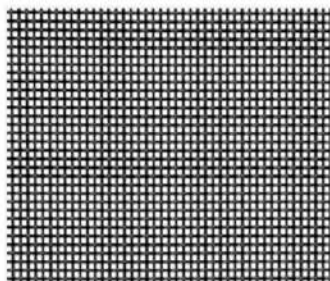

## Tested and passed

- ▶ Dynamic impact test
- ▶ Jemmy test
- ▶ Knife shear test
- ▶ Bushfire test & fire attenuation test
- ▶ Corrosion test
- ▶ Intruder Resistant
- ▶ UV Protection
- ▶ Fall Prevention Suitable

## DEFENDOOR TOUGH

The defendoor TOUGH 316 Marine Grade Stainless Steel Security Mesh System for windows and doors is designed to protect your family and your view; manufactured with high tensile 316 marine grade stainless steel mesh, Defendoor TOUGH's unique frames are tempered to T6, using state of the art equipment.

The anti-corrosion stainless steel wire mesh is coated with a specialised UV protective coating that provides a clear long-lasting finish.

## DEFENDOOR PERF

The Defendoor PERF mesh security screening system is perfect for widespan security, compliant with Australian security standards and requiring minimal maintenance. Defendoor PERF provides strength, security and durability with excellent direct clarity of vision.

Defendoor PERF is a PVC pressure retention system that retains a corrosion resistant, durable 1.6 mm thick sheet of perforated aluminium security mesh in a extruded aluminium frame.

## DIAMOND + FLY

Tempered aluminium diamond grille Fly Screen mesh.

- Austral lock and cylinder fitted.
- Triple Locking available.
- Available in 16 standard colours.
- Two hinges fitted per door.
- Cost effective barrier screening.

# SECURITY DOORS AND SCREENS

The Defendoor Unique Welding Process ensures a stronger bond between mesh and frame.

The L-Seat & Wedge rather than rivet system increases strength and stops galvanic corrosion (Electrolysis)

# SECURITY DOORS AND SCREENS

Apollo's fixed security screens are built using fall prevention technology which is designed and rated to prevent pushing the screens out from the inside to keep children safe.

Window screens allow for fresh air to flow through your home but provide peace of mind that your home is secure.

Request a powder coated sample if you are not matching a known colour.**

## CARE & CLEANING

Your Apollo stainless steel Security Screens should only ever need to be washed down with a soft brush using warm water and a mild detergent.

Rinse well with fresh water to remove any detergent residue. Do not use strong detergents or abrasive cleaners as they may scratch or damage the surface finish. For full care and maintenance requirements visit our website.

Let Apollo Blinds open your mind to new decorator ideas. Since 1988 Apollo Blinds has focused on delivering the latest in home fashions with consistent reliable service.

An Australian owned company with most products still being manufactured in Australia, Apollo Blinds gives you peace of mind.

Apollo Security Screens come with a 16 and 10 year warranty on manufacture and materials. Some materials or components may carry additional manufacturer's warranty.
